

A0125 MINIEXPORT

Product group	Vibrators for Laboratory used to tamp investments in casting rings
Main features	<ul style="list-style-type: none"> ⇒ Capacity: 2 big (9x) casting rings ⇒ Wide range of regulation of the vibration speed ⇒ Extremely powerful, suitable for any investment ⇒ Removable rubber cover for cleaning
Feeding voltage	230V A. C. - 50Hz (different voltage and frequency upon request)
Electric absorption	165W
Width	240 mm + room for the feeding cable
Depth	150 mm
Height	105 mm
Useful dimensions of the vibration plate	230 mm x 140 mm
Net weight	5,5 Kg
